The brand has a reputation of being one of the most innovative brands in the world. Among other things, it has developed the V-shape and the revolutionary MiNT® technology. These innovations give the grass its unrivalled resilience, a natural glow and a unique softness.

If you like sleek, well-kept and impeccable, you will like our Silk 25. With its 'freshly mowed' look, it is probably the one quality that everybody likes. This grass can also be used in a wide range of applications.
